Vaccination and Masking Policy

As COVID-19 is an emergent issue, policies may continue to shift based on the latest public health science and recommendations. We will continue to keep all families informed as policies change, both through email updates and updates to this page.

The following policies are up to date as of March 30, 2022.

For all individuals:

Masks are optional when outside. If a student exhibits two or more symptoms associated with COVID-19, they will be asked to wear a mask.

For individuals who have shown proof of vaccination:

Students who are vaccinated/show proof of vaccination may go without masks in specific areas. These include common areas, lounges, hallways, the café and the atrium. Students who are vaccinated must continue to wear a mask in academic spaces, including classrooms, studios and labs.

For unvaccinated individuals or those who have not shown proof of vaccination:

Students must be masked at all times when in a university building. Unvaccinated students may unmask to eat lunch and to play a wind/brass instrument (with proper instrument covers).
